7th International Exhibition for Rehabilitation Equipment
2nd Russian Forum on Prosthetics & Orthotics

19 – 21 June 2019

Expocentre Fairgrounds | Moscow, Russia

Member of  **MEDICAlliance**

ABOUT US

INTEGRATION MOSCOW is the largest event in Russia showcasing the achievements of rehabilitation market. It is here that the Russian and international leaders in the rehabilitation industry present their state-of-the-art technologies.

The Russian rehabilitation market is expected to hit 3.6 billion rubles in 2025 with 12,1 million disabled people, which stands for 8,2 % percent of the whole population. The market is characterized by over 60% imports from international companies due to their superior technology and quality.

With REHACARE and OTWorld models in mind and having been fine-tuned to the needs of the Russian society and the Russian market, INTEGRATION MOSCOW and the parallel Russian Forum on Prosthetics and Orthotics are the meeting point for both experts and end users.
